**Coaches' Meetings:** A mandatory coaches' meeting will be held at the start of warmups for each session. Scratches are generally permitted only in the event of illness, accident, or injury. The meet referee must approve other scratches. If a swimmer is entered to replace a scratched swimmer, the new swimmer will take the scratched swimmer's seeding. Events will not be re-seeded in the event of scratches.

**Pool Information:** The meet will be conducted in Competition Pool A on the scoreboard end of the facility. The pool will be set up at a length of 25 yards. Competition Pool B will be available as a warm-up and warm-down pool during the Sunday session but will not be available for the youngest swimmers on Saturday. At the beginning of each session, warm-ups will be conducted in both pools. **Eight (8) lanes will be used for individual events during the Saturday session and ten (10) lanes during the Sunday session. Ten (10) lanes will be used for relays during both sessions.** No one is permitted to swim in the therapy pool at any time.

**Food and Drink:** Concessions will be available at the Aquatic Center. Swimmers, coaches, and spectators may bring their own food and drinks. However, large coolers are not permitted in the bleacher areas.

8. Changes in individual events will only be permitted if made during the coaches' meeting held prior to each day's events. Substitutions are permitted only in the event of accident, illness, or injury. Changes in the makeup of relays are permitted for any reason, provided that the swimmers being added to the relay are listed among the alternates provided to meet officials each day.
9. Entry costs: One check, **made out to the CCAA**, should be submitted at the pre-City Meet meeting on Wednesday, July 5. 12. **Tents:** The CCAA is not arranging for tents and fans at the 2023 Championship Meet. Teams and/or individual families may set up their own tents (10 by 10 feet or smaller) on the grass or pavement along the northeast side of the Aquatic Center building (between the building and the Fort Dorchester High School parking lot). **Tents may not be anchored by spikes and must be taken down at the end of each day's competition.** Please note that power is not easily accessible in this area.

13. **Spectator Seating:** Each team will be randomly assigned one row in one section of the tall bleachers along Competition Pool A. Each row can hold up to 25 spectators. The building's capacity is limited to 1000 individuals; therefore, the CCAA asks that only one spectator per swimmer be in the pool area at any given time. The seating arrangements will be drawn separately for each of the two days of the meet. Spectators may not bring their own chairs, but bleacher seat cushions are acceptable.

14. **Swimmer and Coach Seating:** Two coaches from each team may sit along Competition Pool A (chairs will be provided). The setup time for coaches will be announced at the July 5 meeting. The first two rows of the tall bleachers along Competition Pool A will also be available for coaches. Swimmers may be seated in the tall bleachers along Competition Pool B, in the shorter bleachers on the opposite side of the pool, and around the therapy pool.

15. **Parking:** Parking will be available at no cost in the Fort Dorchester High School lots adjacent to the Aquatic Center.

16. Once again this year, WCBD-TV (Channel 2) will livestream the Championship Meet. The link to the livestream will be displayed on the CCAA website ([swimccaa.today](http://swimccaa.today)) and social media feeds. Any swimmer selected to be interviewed by the broadcast team must have a signed release form on file. The release forms will be made available to team representatives in late June and should be submitted as hard copies by the first day of the Championship Meet.
